MATERIALE COSTRUZIONE

Scafo	Legno	**Tuga**	Legno	**Coperta**	Teak

IDRAULICI

Serbatoi acqua	1 x 50 lt	**Materiale serbatoi**	-	**Tipo boiler**	Elettrico
Dissalatore	Non presente	**Autoclave**	Presente	**Boiler**	Presente

ELETTRICI

Tensione	220	**Nr. batterie**	3	**Capacità batterie**	-
Generatore	Non presente	**Carica batterie**	Presente	**Inverter**	Non presente

BREVE DESCRIZIONE

The 900 plus is a tough and attractive boat with dimensions for longer trips with the whole family, also on large open water.

Dati ritenuti corretti, ma non contrattuali. La presente non costituisce, in nessun caso, documento contrattuale.

DESCRIZIONE COMPLETA

The 900 Plus is a tough and attractive boat with dimensions for longer trips with the whole family, also on large open water.

DESCRIZIONE INTERNI

he 900 Plus not only has excellent sailing qualities, but also offers a lot of space below deck and full headroom everywhere (even in the toilet room), while the construction is still relatively low. This low structure is not only pleasing to the eye, but is also practical when sailing. The mate always has a clear view. The large self-draining cockpit easily accommodates 7 people. The lines are operated from the cockpit. The wide gangways facilitate the work on deck.Plenty of space
Due to the large width of 3.30 m there is a lot of space in the cabin. There is a generous galley on port side, very practical with space for a fridge, among other things. On starboard there is the adjustable chart table with the possibility to place navigation equipment. The chart table can be placed both longitudinal and transversal. The cabin table has a handy bottle rack and there are many compartments for storage. All maximum 7 cages are at least 2 meters long. The fore ship, separated from the cabin by a door, has a toilet, a large wardrobe, a shoe and boot chest and an incredible amount of storage space under the spacious double berth. R
